Sailing qualifications

According to the Greek law, the skipper must hold a valid sailing license in English language or translated in English. *Limitations such as daylight, inland waters and limitations in miles from shore e.g. 5NM in sailing licenses won't be accepted from Greek Port Authorities so we advise all charterers to ensure that they have an international license of competence (ICC) without such limitations.

Charterer's responsibilities

Charterer: According to the terms of the contract signed by the charterer, we remind you that the charterer:

- Assumes the legal and statutory obligations of the person responsible on board.
- Certifies that he or she has the ability to sail and navigate the yacht.
- Should you wish to refresh your sailing and navigational abilities, we suggest you hire a skipper for a day or two. Please advise the office ahead of time to arrange this service.
- The client should verify the equipment on board with the aid of the inventory list which we will be giving to him/her during the check-in. After the inventory he/she will go through a technical briefing of the yacht.
- Charterer is responsible to re-deliver the yacht at the end of the charter at the same condition as he received her without any total/loss.
- In case there is any technical issue/claim during the cruise Fyly staff should be informed immediately and not at the end of the charter. In case we will be informed after the charter dates and client's disembarkation Fyly may not be able to accept any responsibility.

Skipper's responsibilities

- The skipper is responsible for the yacht and he/she assumes the technical control of the yacht as well as your safety.
- If for any reason you are unsatisfied with your skipper please notify the office immediately. Something you must keep in mind is that you are on a yacht and personalities sometimes clash, all of our skippers are fluent in English, highly qualified in safety and sailing.

Hostess' responsibilities

- She prepares breakfast and lunch on daily basis and she is also responsible to keep clean the common areas of the yacht

Cook's responsibilities

- She prepares breakfast, lunch and dinner on daily basis and she is also responsible to keep clean the common areas of the yacht.

Will you have a crew change during your trip?

- Specifically, newly passed Law 4504/2017 now requires that:

A. ANY CREW CHANGES MUST BE FORESEEN ON THE INITIAL CHARTER PARTY DECLARED TO THE PORT AUTHORITY BEFORE THE CHARTER STARTS clearly stating names / passport numbers / dates and ports of embarkation/disembarkation

B. IN THE EVENT OF CREW CHANGES DUE TO UNFORESEEN CIRCUMSTANCES SKIPPER MUST IMMEDIATELY UPDATE CREW LIST.

C. IN THE EVENT THAT MORE THAN 75% OF CREW MEMBERS CHANGE (EVEN IF THE SAME SKIPPER REMAINS ABOARD) THE CHARTER IS TERMINATED BY LAW AND MANDATORY DECLARATION HAS TO BE MADE TO THE PORT AUTHORITY. Ending a charter with the Port Authority prior to the charter end date declared on the initial charter party requires that the clients present themselves to the Port Authority to officially declare that the charter has ended voluntarily.

We need to be informed for all the above at least two weeks prior charter so we will have time to prepare all formalities.
